Night Navigation Rally

Saturday, 5th June, from 6pm.

Despite pouring rain, a hardy group of members ventured out to Ingleburn last year for this event. Hardest of all was Ross McMurray and his son who drove from Wentworth Falls for the event in the 14/40 Vauxhall.

This year's event will start at 6pm at Les Miller's workshop at Unit 10, 45-47 Salisbury Rd, Hornsby. The run will be over some good winding roads, a few hills, and perhaps a ferry or two, and will cover about 80 kms. We should be back at Les's by 9pm for a warming sausage sizzle.

The event will not be too demanding, but should again be fun and an opportunity to try your car out under different conditions. There will be a few questions to answer, which will be a check for you that you are on the right road, and will give us a winner.

The cost of the event, including the sausage sizzle, will be \$10 per person, payable on

the night. Bring your own drinks. You can enter on the day, but it would be a help for catering and printing if we can have a good idea as soon as possible of how many to expect. The event is being organised by Tim Shellshear. Please let him know by e-mail at tim.shellshear@tsarchitects.com.au or by phone on 9810 9777 or 0418 666 952 if you are intending to be there.

This month, the magazine will be late because of Cliff King's absence overseas. This Newsletter is to cover the period until the Magazine reaches you.

Club Events

Members are reminded that they are welcome to attend any event organised by the Club.

Events organised by the ACT Chapter, for example, are open to members from Sydney and the Southern Highlands. Events with specific names, such as the Vauxhall Lunch, are open to all members, such as those who drive Aston Martins or MGs. Why not give the car an airing and attend some events that you haven't attended previously?

REGULAR CLUB EVENTS FOR YOUR DIARY EACH MONTH:

Some events are held each month at the same time. **Club meetings** are held on the second Tuesday of each month at the Veteran Car Club's rooms at 134 Queens Rd, Five Dock, beginning at 8pm. **Committee Meetings** are held on the last Tuesday of each month.

Mid-week lunches are on the third

Wednesday of the month, and **Breakfast Runs** are on the last Sunday.

Southern Highlands Breakfast Runs are on the last Sunday each month.

In Canberra, there is a **weekly gathering** each Tuesday, and a **Breakfast Run** on the last Sunday each month.

Details in the Club magazine.

LOOKING AHEAD

Eastern Creek: A limited number of tickets will soon be available from Sue Miller. Let her know if you want one.

All British Day at the Kings School: Tickets are now available from Sue Miller.

Noggin 'n' Natter: This year Les Miller is the organiser, and he is proposing to hold the event on Wednesday, 21st July, replacing the July Mid-week Lunch. His idea is that we meet at Asquith and travel via Brooklyn to Mooney Mooney for lunch. Being mid-week will mean that the lunch venue will be less busy. It also means that the old Pacific Highway will have less traffic making for a pleasant run. Details are still to be worked out, but more information will be in the next magazine.

Buy and Sell Table: You will remember that we tried having a Buy & Sell Table at every second Club meeting, and then changed that to every meeting. We are now planning to have a Buy & Sell table once a year at the September meeting. Start

Rex & Nora Vincent's splendid 1924 Rolls-Royce

planning what you might bring. Sort out your unwanted car parts, books, garage items, and, in fact, any interesting nick-nacks, car-related or not.

Details in the Club magazine

Geoff & Talma Ringrose's delightful 1928 Stutz

Club Web-site

For some time we have been trying to get the Club's web-site in order, but with limited success. This year John Grant has taken over responsibility for the web site and now has it up and running, and looking good.

John will need plenty of pictures of our cars and of events to keep the web-site current and interesting. He would like firstly to have pictures and information about your car(s).

Do have a look at www.vsc.ca.org.au.
